PROFESSIONAL SUMMARY

IT Operations Specialist with 5+ years of experience in IT Asset Management, Helpdesk Support, and Procurement systems. Highly proficient in managing complex asset lifecycles for 4,000+ units and delivering consistent L1/L2 support with a 95%+ resolution rate for 500+ users. Proven ability to streamline operations through SAP (PR/PO/GR) workflows, SQL automation, and Active Directory management. Skilled in cross-functional coordination and technical documentation to drive operational excellence and minimize downtime.

WORK EXPERIENCE

PT Bina Sarana Sukses

Jakarta, Indonesia

IT Operations

Jun 2025 – Feb 2026

- Managed and reconciled over 4,000 IT assets daily, ensuring 100% data synchronization between the Asset Management System (AMS) and physical inventory.
- Conducted routine physical inspections of laptops, PCs, and mini-PCs to maintain accurate real-time records of hardware conditions.
- Orchestrated the end-to-end procurement lifecycle using SAP (PR/PO/GR) and AMS, including request validation, management approvals, and coordination with logistics and procurement teams.
- Performed Quality Control (QC) and asset registration for new hardware arrivals to ensure compliance with Purchase Orders before deployment to users.
- Resolved daily technical support tickets across hardware, software, and network domains for all office locations.

PT Global Digital Niaga (Blibli)

Jakarta, Indonesia

IT Technical Support Helpdesk

Aug 2022 – Dec 2024

- Handled 30+ daily IT tickets via the OTRS system, consistently achieving a 95%+ resolution rate for over 500 enterprise users.
- Provided comprehensive L1/L2 technical support, troubleshooting enterprise applications, hardware malfunctions, and unplanned network outages.
- Developed a structured knowledge base and resolution templates within OTRS to standardize troubleshooting and improve team scalability.
- Streamlined the escalation and handover process to the infrastructure team, ensuring no critical issues were missed during cross-functional coordination.

PT Sunindo Kookmin Best Finance

Jakarta, Indonesia

IT Support & Development Staff

Nov 2020 – Jul 2022

- Administered Active Directory for 200+ employees, managing account provisioning, access control, and user profile updates.
- Automated weekly operational reporting by developing SQL queries, significantly reducing manual processing time from hours to seconds.
- Maintained essential IT infrastructure, including shared drives, printers, and LAN connectivity, to ensure smooth daily business operations.
- Executed full setup and configuration of hardware, software, and network devices for new employee onboarding and hardware refresh programs.
